Polled Herefords

Presents

Genetic Designs XVI

Lot 9

6:30 PM • Friday, September 18, 2020
At the Farm, Newburgh, ON

Dear friends and fellow Hereford Breeders,

If we had been told a year ago that something named COVID-19 was going to change the world we would have put it down to a wild imagination. However, it has, and so, we learn to do things differently.

No doubt, this has been a difficult time for many, however, farming brings a consistency to our daily lives. Farming is a 7 day a week, 24 hour a day job. It did not stop because of COVID. The cows need to be fed and the eggs need to be gathered. We are proud of the way our farm family has continued in their daily responsibilities to keep

the food chain going when it seemed the world was in chaos. They are truly "Frontline Heroes."

We are continually looking for ways to move the herd forward and were thrilled to add NJW 11B 6589 Authority 57G ET to our bull battery. On sale day you will have an exclusive opportunity to share in these exciting new genetics. Don't be the one who missed out!

We welcome you during the week prior to the sale if you wish to view the cattle and then watch and bid at LiveAuctions.tv. Please call the office at 613-378-2701 or our cell phones to let us know you are coming.

Either virtually or in person, we are happy to start the "Hereford Weekend" in Ontario, so please join us Friday, September 18th, followed by Elm-Lodge on Saturday and the Autumn Alliance sale on Sunday.

As always, if we can be of any assistance to you prior to sale day, please contact our office or any of our sale representatives. Videos of the cattle are available through our website.

Sincerely,

Elwyn, Donald and Pauline

From the desk at T Bar,

Welcome to River Valley Polled Herefords production offering of Genetic Designs XVI. Elwyn, Pauline and Donald are totally committed to agriculture...in addition to a very large-scale poultry operation, they run the largest purebred cow herd east of Winnipeg. While building a powerful cow herd, they have been great supporters of the breed. The quality of this program is exemplified by two Miss World Champions (2016 and 2018), that have RVP prefixes, an accomplishment no other herd can attest to.

Donald, Ben, and I selected this great lineup of Polled Hereford seed stock offered... it is young, diverse in pedigree, yet uniform in type and numbers. Many of the bred females carry early services to the industry's leading sires, giving you, the purchaser, an opportunity to step up and get a greater return on your investment. The young stock is fresh and exciting with many having a competitive edge.

Plan to be with us in person, on the phone, or on the wire with LiveAuctions for this sixteenth edition of Genetic Designs. A powerful group of Polled Hereford breeding stock awaits your evaluation. Stop by any time prior the sale and preview the offering or do not hesitate to call. Although COVID-19 has changed some of the day to day things we do and take for granted, agriculture has become more and more important as we progress, but COVID will not stop the production of superior seedstock.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We will be pleased to assist in a professional and confidential manner.

Chris Poley

- Birth Weight: 88 lbs.
- Here's a fresh set of genetics, this heifer is one of the first Cartel calves to sell in Canada to my knowledge. Cartel himself was a member of the 2018 Denver Grand Champion Pen of Bulls and second high seller in the Mile High Sale. Halie's dam was Dave Hasson's pick to buy from MHPH years ago and has been consistently producing good calves for us. Maternal sister to our bred heifer in this year's sale.

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate Of Registration:

Each animal will carry papers issued by the Canadian Hereford Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Will be provided at cost at the buyers option and risk. Instructions for delivery must be given at time of settlement. No cattle will be released until after the conclusion of the sale.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

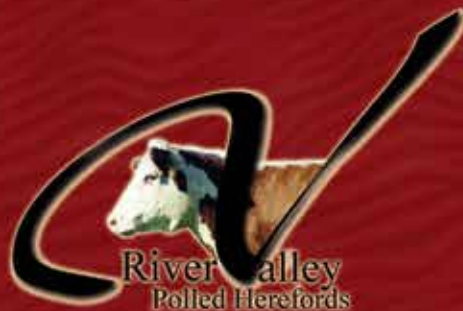

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
